

ANTIQUE TRACTOR DISPLAY & DEMONSTRATIONS

Supt. Jerry Hulbert

The Racine County Agricultural Society, Inc. encourages the display and demonstration of tractors and implements made from 1920 through 1959. To bring the experience of those bygone decades to the visitors of the Fair, an area of the Fairgrounds is reserved for the display and operation of antique farming equipment. A larger tent is provided during the Fair which may hold up to 60 antique tractors along with small engines.

The Guidelines for displaying equipment are as follows:

1. Equipment will have been manufactured prior to 1960.
2. The tent is for display of tractors and small engines that have been restored. The general term is "parade ready". Tractors not fitting into the tent may be displayed outside.
3. Exhibitors must carry their own liability and property insurance on their equipment. The Racine County Agricultural Society, Inc. is not responsible for loss or damage.
4. Steam powered equipment must have a current boiler certification and certificate of insurance on file at the Fair Office.
5. All tractors and equipment must remain on display until Monday morning after the Fair.
6. Equipment must be in place by Tuesday night of Fair Week. No tractors or equipment will be placed on display unless a committee member is present.
7. Tractors not fitting in to the tent may be displayed outside of the tent. This also includes large equipment such as threshers, shellers, grinders, and sawmills. Owners of the larger equipment are encouraged to demonstrate their equipment for the public during the Fair.
8. There will be an antique tractor parade in front of the grandstand on Friday night of the Fair at approximately 6:30 p.m. This is open to all owners of tractors on display.
9. Each year, a different brand of tractor will be featured. This will be in cooperation with the Southeast Power and Collectible Society. The featured tractor will have priority placement in the tent. Other tractors will be grouped by the manufacturer.
10. Each exhibitor of tractors and large equipment will be granted one (1) five-day pass for each piece of equipment on display; exhibitors having a display of antique engines (pre-1940) will be issued one pass for their display. The engines must be operable and powering a period correct implement, e.g. shellers, grinders, saws, pumps, or others. The purpose of the passes is to allow the exhibitors to provide supervision for the display area, demonstrate their equipment, and to be a resource for the Fair visitors. In addition, each tractor owner is encouraged to participate in the tractor parade.
11. Persons desiring to exhibit their tractor(s) at the Fair may do one of the following:
 - a. Complete an entry form located below.
 - b. Contact the superintendent of the display area prior to the beginning of the Fair.

*Fair passes will be distributed to exhibitors as their equipment is placed on display.
